

Dear Business Owner,

The Harvest Park Middle School Music Department with the Harvest Park Music Boosters is holding its **21st annual Noodles & Notes Fundraiser on February 2, 2018**. Noodles & Notes is a spaghetti dinner and silent auction event, open to the public, in particular the families of the 500 students in the HPMS music program. Through dinner ticket sales and a silent auction, this event will raise funds to support our talented student musicians' spring trip to southern California to participate in Disneyland's music industry workshops. Remaining funds will go directly toward improving and maintaining our outstanding music program at Harvest Park.

We are reaching out to you to ask for items and/or gift cards for our silent auction. As in past years, we greatly appreciate the generosity of our local business community in donating to this event, and it is our hope that you will lend us your support again this year.

As an expression of our appreciation for your donations, we would like to acknowledge and promote your business. Names of all contributors will be prominently displayed during the event via posters, individual placemats on the tables, as well as in the program. We will also send an email to the large number of families in the Harvest Park music program acknowledging the businesses who have donated to Noodles & Notes.

We hope you will consider donating to this worthwhile event. For many middle schoolers, this experience of playing music at Disneyland and its recording studios is the highlight of their years at Harvest Park.

To make a donation or for any questions or follow-up, please don't hesitate to contact me. Arrangements can be made to pick up donations or they can be mailed to the following address:

Mike Wen/Noodles & Notes
4365 Krause Street
Pleasanton, CA 94588

We would appreciate receiving your donations by January 12, 2018.

All of us involved with the Harvest Park Music Department – teachers, families, and the 500 students – sincerely thank you for your contributions to Noodles & Notes!

Gratefully,

Mike Wen
